Elog - Bug #14898

Old links no longer work

12/27/2016 11:16 PM - Cindy Joe

Status:	Assigned		**Start date:**	12/27/2016
Priority:	High		**Due date:**

Target version:	Version 2.0		**Spent time:**	0.00 hour

Description

Links of an older format, example https://www-bd.fnal.gov/Elog/?entryIDs=81600 , no longer work. Manually changing the link in the address bar to a currently accepted format https://www-bd.fnal.gov/Elog/?orentryID=81600 directs to the desired page. However, years of old links in the old format don't seem to work anymore. For example, the link in this entry, the source of the first link: https://www-bd.fnal.gov/Elog/?orEntryId=85010 They just redirect to the current Elog, without any error message.

I noticed this a little while ago, but I'm not sure how far back it goes--maybe the last big update, maybe a more recent one.

- Category set to Database

- Status changed from New to Assigned

- Assignee set to Kyle Hazelwood

- Priority changed from Normal to High

- Target version set to Version 2.0

Yes, this is a known problem. I'll have to run a script to replace all the old urls.
